DMC Min: **1600 kg**

DMC Max: **2000 kg**

Product description:

The TRANSPORTER 3217/2 C braked transport trailer is intended for those who wish to transport various materials. Available in three versions with different GVW: 800 - 1500, 1600 - 2000 and 1600 - 2700 kg. It has 2 axles of 2000 kg each, which ensure very good handling characteristics. The transport surface available to the user is

3250x1715x300 mm. The high sides and up to 8 load securing points ensure safety even on rough roads. Proper durability of the transport surface is guaranteed by the use of 12 mm thick waterproof plywood. The trailer is equipped with an overrun brake and a support wheel, which ensure high comfort of use. The aluminium side rails can be opened and removed on either side for easy loading.

Standard features

2 axles braked 2 x 1000kg
