- Spare wheel + holder + cover
- Automatic support wheel

PULLMAN 2 SUSPENSION - closer to car technology, this suspension consists of 4 galvanised steel independent articulated arms with 4 torsion springs and 4 dampers. This technology ensures unbeatable road-holding capacities. Cheval Liberte factory is equipped with the newest generation laser tooling, which let make trailer lowered. We get: no slip-way, flat surface. Flooring high 30cm, you won't have a problem loading. The Pullman suspension greatly reduces shakes, transport noise and absorbs the bumps in the road.
