

# Neptun GN149 N7-263 2 rt Twin axle light trailer GVW 750 kg

**Product price:**

**1,016.55 €**

## **Product short description:**

Internal dimension (cm): **263 x 129 x 40**

Capacity: **203 kg**

DMC Max: **750 kg**

## **Product description:**

The **RUSTIK** line of trailers is characterised by its high structural strength, which is ensured by the fully welded frame and drawbar, the cold-formed U-section frame stringers and its transverse beams.

An unquestionable advantage of this series are the profiled sides, 400 mm high,

made of high-quality galvanised sheet metal. Specially profiled for high rigidity and impact resistance. The front and rear boards are openable, which is particularly useful for transporting long loads. All sides (front, rear and sides) are fully removable to provide a flat platform for carrying larger loads.

Trailers in the **RUSTIK** series have a tilting load bed, which makes it much easier to unpack the load.

Lightweight trailer, without inspections, for **category B**

**AVAILABLE AT OUR BRANCHES IN MODRZYCA AND DOLNA GRUPA.**

### **Standard features**

- Loading space: **263 x 129 x 40**
- Maximum load: 750 kg
