Product price:

1,588.18 €

Product short description:

Capacity: **730 kg**

DMC Max: **1000 kg**

Product description:

Brenderup is the world's leading manufacturer of trailers for transporting boats and water equipment. BRENDERUP boat trailers are the perfect solution for private individuals. Equipped with a braking system, they provide greater safety during transport. Regardless of the boat to be transported, safety is of utmost importance to this manufacturer. The V-shaped drawbar ensures excellent handling characteristics of these trailers, and thanks to the adjustable winch, loading and unloading the boat is made much easier. In addition, adjustable rollers allow them to be adapted to any type of boat. A lighting panel equipped with simple fasteners ensures easy and quick

installation/removal. The trailers are made very precisely, with high quality materials, thanks to which they are very durable and have an extended service life. They are produced from one of the biggest trailer factories in Europe.
