Product description:

Brenderup is the world's leading manufacturer of trailers for transporting boats and water sports equipment. Trailers from the BASIC line are a perfect solution for private person. Thanks to the braking system, they ensure greater safety during transport. Regardless of what boat is to be transported, safety is of the utmost importance to this manufacturer. The V-shaped drawbar ensures excellent driving characteristics of these trailers, and thanks to the adjustable winch, loading and unloading the boat is

greatly facilitated. In addition, adjustable rollers allow you to adapt them to any type of boat. The lighting panel equipped with simple fasteners ensures easy and quick assembly/disassembly. The trailers are made very precisely, from high-quality materials, thanks to which they are very durable and have an extended service life. They are produced from one of the largest trailer factories in Europe.
